Goals/Objectives

Agency Contact: Sue Daly **Phone Number:** 444-3107

Agency Name: Fish, Wildlife and Parks

Division: Field Services

Program (identify and briefly describe): The Field Services Division is responsible for implementing the

department's lands program, construction projects, and landowner-sportsman's relations program. The aircraft unit, living with wildlife program, game damage program, and hunting access enhancement program, including the Block Management program and the Access Montana program, are under the jurisdiction of this

division. Administration and implementation of disabled accessibility standards on department properties and the department's safety program are also a responsibility of this

division.

List a single goal and brief description:

To build and maintain good working relationships among Montana's landowners, hunters, and FWP staff.

Describe the performance measures related to this goal:

- Hunting Access Enhancement Program To annually provide at least 400,000 hunter days of public hunting opportunities on at least 8.5 million acres of land enrolled in Block Management.
- Livestock Loss Reimbursement To complete the administrative process for all reimbursement claims within a reasonable time frame of receiving a livestock loss reimbursement claim from a livestock inspector.
- Game Damage Assistance -To respond to all damage complaints according to statutory requirements and document response and outcome within a reasonable time frame of complaint being made.

List significant milestones and target dates to be completed in the 2009 Biennium: See above.

Describe the current status of the measurements related to the goal:

- Achieved enrollment of 8.3 million acres and 439,267 hunter days in 2006.
- 95% of the claims received during the 2006 hunting season were processed within 30 days of receipt.
- 100% of claims received in the past year were responded to within 48 hours. A new database was implemented in July 2006 with records entered within 30 days at regional level.
